My name is Annmarie Cockerham. I am a graduating senior here at Chautauqua High School. I have been attending Chautauqua High School for four years. My time spent here at Chautauqua has been very enjoyable. I have learned a lot in my time here. I think the four hours a day and working at your own pace has definitely helped my educational experience. When I first came here I was so nervous and shy. I could only remember my parents' horror stories about their time spent in high school. They would tell me how they were always teased and how not all of the teachers were always nice, but I soon found that Chautauqua was not like that. I was not teased or made fun of, and all of the teachers were really helpful and kind to me. I am still a shy person but not as shy as when I first started. I like the fact that Chautauqua teaches you about responsibility. Just like in a job where if you don't come in you won't get paid, at Chautauqua if you don't come in you will not get those hours and will have to make them up. The government group is a good idea too because it teaches you if you don't follow the rules you will get punished for it. My time spent here has really paid off. I have no regrets about my decision on coming to Chautauqua.

Sincerely,

A handwritten signature in cursive script that reads "Annmarie Cockerham".
