

To my teachers, administrators, and friends of Chatauqua High School,

I would like to say as a last note before I part with you, thank you for your time, effort, and contributions.

To Julie, thank you for giving me that extra kick once in a while to get me in gear so that I would actually finish the graduation process. I hope that you continue doing the same for other people as you did for me.

To Steve, thank you for also kicking me once in a while. I wouldn't have even finished school if you didn't accept me into here, so thank you for that also. I hope that you keep the school running in the same manner that it has since I've been here, and also continue your duties as a principal the way you have. It is very effective having a principal that cares.

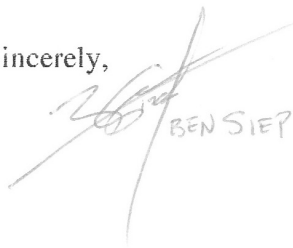

To friends, thank you for talking to me and getting me off track once in a while so that Julie could kick me back on. Good luck to all of you in your own status of graduation.

To Caryn, thank you for being there to talk to me when I needed it.

To the rest of the staff, thank you for putting up with me. I hope I didn't cause too much trouble in your lives.

All in all I had a great stay here being a student at Chatauqua. Thanks again to everyone, and good luck.

Sincerely,

BEN SIEF
