Graduation Date: 1 / 24 / 96

## "Parting Comments"

During the last three as I attended  
Chautauqua High School, I have grown a  
lot as a person. Things that I have done  
in school have changed me more than  
just doing school work. I would not  
be graduating today with out the help  
of my teacher and my principals  
but mostly, because my teacher taught  
me to care enough about myself to  
want to graduate. I would like to  
say to every student at this school  
that they can graduate, because I  
am proof that if you want to, you will.
