Chautauqua High School has been, for the most part, successful for me. While I was attending Big Bear High School I was not getting anywhere. I could barely pass any of my classes. I did not get along with the teachers nor most of the students. Soon, I decided I needed one on one help in order to get my credits. I went to Independent Studies. After a few months of working with my teacher, Chuck Cline, and also on my own, I still felt I could not get all my work done.

After speaking with Chuck, he told me that Chautauqua was a good place to graduate faster. There was more one on one, the kind of school that would fit my needs in education. I decided to go to talk with Steve Schour, the counselor / principal, and three months later I was accepted.

Chautauqua has been a wonderful experience. I have earned almost all my credits and I am now working toward the big day, graduation. I have enjoyed my time here at C.T.. Occasionally, I would have my bad days, someone would give me bad energy, but I thank all the C.T. staff for helping me through to reach Graduation Day. I would especially like to thank my teachers and great friends Sabra and Caryn. You both have helped me so much through the years. Thank You.
