

Chautauqua High school has asked for a few comments before I graduate so I guess I'm entitled to give them a piece of my mind.

I first came to CT. in November of '96' after being kicked out of my Indiana home. I was forced to move in the middle of the semester to California. I thought that I was going to have repeat the semester or go to summer school to make up for the lost time, but that was not the case. With CT., I was allowed to continue finishing the semester even though I enrolled near the end of it, for this I am eternally grateful( I hate summer school). So in closing I must say Chautauqua is a great school that focuses on the needs of every individual student and their individual problems and this is what makes this school great.

Thank you
