When I first moved to Big Bear I was two months pregnant, and I really had no intention of graduating. But then I heard from a friend about Chautauqua and how they helped teenage mothers complete their education. So I signed up to get into C.T. to complete my education. The two years I have been here have been wonderful. I've been through some hard times, and the teachers & staff here at C.T. have been very understanding & helpful. Without the school's understanding & helpfulness I don't know how I would have made it through my hard times. There was a time I had just wanted to throw everything away, but with the support & a listening ear from Sabra I was able to hang in there. I feel C.T. is the place to be if you need a little help on getting through school. I want to say thank you to all the teachers & staff for helping me to complete school & to graduate.
