

WRITTEN COMMENTS

I was one of the fortunate students who was able to spend all of my high school time at Chautauqua. When I first came to Chautauqua I was young and not very literate, and my hand writing was more like chicken scratch, but thanks to the helpful staff- Cass, Caryn, Cheri and my teacher Julie Rogers, who's got a wonderful sense of humor, I have improved 100% in my reading, writing, and math. I also owe a thanks to my principal Steve Schour for helping me get into Chautauqua and succeed.

I think that C.T. is one of the best schools, because everyone is very helpful and respectful, it is a mature environment and it's kind of like a big family. I don't think that I would be graduating tomorrow 6-11-99 after only two years and ten months of high school if it weren't for Chautauqua and it's members help and support.
