## "Parting Comments"

My time at Chautauqua was the best time  
I had going to school. I met a lot of interesting people.  
And three great teachers who are always  
there for their students. The best part of  
going to school at Chautauqua is that you are  
a person to your teacher and not a number.  
I really enjoyed going to school here and  
I will never be ashamed to say, "I  
graduated from Chautauqua High School."
