WRITTEN COMMENTS

My time being here at C.T. was one of the greatest experiences I ever had "being here at an actual school." There were a lot of people that I met here in such a short period of time. I never had any problems with any of the staff members and those other psychotic demented brats that came here too. The part I loved doing in Doug class was drawing, talking, and laughing to where it annoyed Doug so much he'd want to get up and strangle me until I'll stopped laughing. I thought I really didn't have a chance to graduate until this school really made it happen for me. I am the second one to graduate out of my generation. It's crazy because, my parents knew that I would graduate, they sure as hell didn't want me to head down that crappie direction they went.
