Chautauqua has been a real lifesaver for me. I have been here since I was 14 years old, and I love this school along with all the staff. C.T. is like a family to me. I can talk to Sabra about problems that I have and can trust her to keep it between us. I think that pretty much the whole staff is like that. When I moved down the hill and needed to come back you guys let me back in with open arms. When I was toasted and in the wrong place in my life, Steve, Caryn, and Sabra were there for me and helped me get back on the right track. I signed a contract with Steve and went to Operation Break Through. I am really grateful for that because of what C.T. has done for me. It has molded me into the person that I am today.

Since I have been here, I have noticed major changes in my academics especially in writing and spelling. I have also learned to like P.E. When I was younger I hated P.E. It was one of my worst subjects, but C.T. showed me that it can be fun. I also went through a pregnancy here, and Sabra and Caryn were real supportive and helped me out. C.T. has also allowed me to work and attend school at the same time. It was hard doing school and going to work when I was pregnant, but C.T. made it happen for me.
